

MASSIVE ATTACKS REPULSED, GERMANS SUFFER HEAVILY NEAR LOOS, PARIS REPORTS

Cut Down by Combined Fire
of French Infantry, Machine
Guns and Artillery.

SUCCESS IN CHAMPAGNE.

Suffocating Shells Said to Have
Been Used in Attack
at Tahure.

OFFICIAL FRENCH REPORT.
PARIS, Oct. 9.—Official reports to-
day indicate that the German losses
in the offensive of yesterday against
the positions of the allies near Loos
were very heavy.

Following is the text of the re-
port:

"The reports of last night set forth
that the German losses in the offen-
sive movement undertaken yesterday
against Loos and the positions to the
north and to the south of Loos actu-
ally held by our troops were very
heavy.

"The assault was made by three
successive and very dense formations
of men, followed by detachments in
many columns.

"All these troops were cut down by
the combined fire of our infantry, our
machine guns and our artillery. Only
a few detachments of the Germans
were successful in securing a footing
in a trench recently conquered by us
between Loos and the roadway from
Loos to Bethune.

"Other local attacks, but equalling
these in violence, have been repeated
against our positions to the southeast
of Neuville-St. Vaast, but they were
completely repulsed. All the progress
made by us in the last few days has
been maintained.

"There has been a fairly spirited
cannonading, in which both sides took
part, in the sector of Loos, as well
as in the region of Quenneviers and
Nouvion.

"In the Champagne district a Ger-
man counter-attack delivered last
night at a point to the east of the
Navarin Farm was definitely checked
by a curtain of artillery fire.

"The only action undertaken by the
enemy against the advances made by
us yesterday to the southeast of Ta-
hure consisted of a violent bombard-
ment, coupled with the use of shells
which suffocated and caused irrita-
tion of the eyes.

"In the western boundary of the
Argonne the activity of French bat-
teries put an end to the German can-
nonading directed against our
trenches in the sector of St. Thomas.

"In Lorraine several strong recon-
noitering parties of the enemy took
part in an attack against our ad-
vanced posts in the forest of Perroy.
All these endeavors were completely
repulsed. On the front between Reil-
lon and Lantrey one of these German
attacking parties, after having ac-
quired a footing in one of our first
line positions, was in part driven out.

"There has been no notable incident
on the remainder of the front."

the progress of the fund. He wishes
to tender you his heartfelt thanks
and to convey his heartfelt best
wishes and greetings to you.

"Unhappily father is unable to write
himself, because of his severely
wounded and broken right arm.
Therefore he cannot express his grate-
ful personally beyond a brief signa-
ture.

LONDON, Oct. 9.—A semi-official

water boats "is less than a quarter of
the above number."

The despatch continues: "As to the
statements in the foreign press that
Germany, owing to losses, has been
obliged to restrict her submarine
war, we can state that the number of
submarines now at Germany's dis-
posal is considerably greater than at
the beginning of the submarine war."

PRESIDENT AND FIANCEE GREETED IN PHILADELPHIA

(Continued from First Page.)

message from a Fifth Avenue Jew-
eller arrived with an assortment of
diamond rings from which Mrs. Galt
was to select her engagement token.

Mrs. Galt, who arrived at the Hotel
New York early this morning from
a sound sleep by a maid bearing a
sheaf of flowers. They were the first
morning greeting from the President.

It was entirely in keeping with
the graceful thoughtfulness which
has charmed every one who has had
a glimpse of the President during
his brief visit to New York with his
fiancee, smiling at the police and
Federal detectives, who kept the
street clear of all sightseers save
those who appeared at the window
of other houses in the block, and
laughed at a remark Col. House
made in an undertone as happily as
though he did not have the cares
of a nation on his shoulders and
was a newly graduated collegian on
his way to take "his girl" to a
world's series baseball game.

After a long drive the President and
his fiancee and their party went to
the Pennsylvania Terminal and left
for Philadelphia.

GERMANS CAPTURE RUSSIAN TRENCH ON DVINSK FRONT

Local Successes Elsewhere
Claimed by Petrograd in
Desperate Fighting.

LONDON, Oct. 9.—The Dvinsk
front still claims the greatest atten-
tion in the eastern fighting zone. The
Germans are now launching an at-
tempt to take the city from the north,
and their onslaught exceeds in violence
the previous attacks from the west
and south.

A desperate action has been fought
ten miles north of Dvinsk, and the
Russians admit loss of part of their
trenches. From Dvinsk to the Mda-
Molokhina Railroad local successes
are claimed by the Russians.

On the rest of the eastern front
the rapidly of attacks and counter-
attacks, the capture and recapture of
trenches, leave it in doubt which
side is really on the offensive.

PETROGRAD, Oct. 9.—In fierce
fighting in the Dvinsk region the bal-
ance of the latest gains have been
in Russia's favor, said an official
statement issued to-day. There was
no vital change in positions.

Russian captures included an ar-
mored train with 1,800 prisoners and
many machine guns. Fifteen hundred
prisoners were taken near Loutak and
several villages. At a few points Ger-
man progress was admitted.

From the Drivaytza River cross-
ings to the Smorgon region a "pro-
tracted battle" was reported raging.

Off the Schlock region Russian
warships silenced the German shore
batteries and destroyed their
trenches.

**THIRD AVENUE "L"
USES EXPRESS TRACKS**

Passengers Surprised To-Day When
Trains Are Shifted at
Cooper Square.

People coming downtown on the
Third Avenue elevated road this
morning got a surprise at Fifth
Street. At the foot of Cooper Square
southbound trains suddenly turned
off to the new express track and
began to climb the gentle ascent to
the highest part of the structure a
few blocks below. The trains ran on
high to the Houston, Grand and Canal
Street stations, then descended to the
old level at Chatham Square.

The third track is being used by
way trains while the old southbound
track is being torn down. The whole
thing, pillars and all, is being re-
moved all the way down the Bow-
ery. The new track for local trains
is built under the express line in the
middle of the street.

When this job is finished the same
thing will be done to the northbound
track. The operation will add about
twenty-five feet of light and air
space to each side of the Bowery
from end to end. It is expected that
the new tracks will be complete and
express trains running early next
year.

ities as \$1,852,004 and assets as \$617,167.

Property Holding Company. Among
his creditors are Thomas F. Ryan and
the Ogden Goelet estate, for large

**DR. HILLIS FILES
FERGUSON CHARGES**

Swears Lawyer Hypothecated Se-
curities for His Personal
Use.

An affidavit made by the Rev. Dr.
Newell Dwight Hillis alleging, among
other things, that his business agent,
Frank L. Ferguson, had hypothecated
securities for his own personal use,
had made false accounting and re-
fused access to certain books of ac-
counts, was filed to-day in the County
Clerk's office, Brooklyn. With it was
an order signed by Supreme Court
Justice Stephen Calhoun directing
the examination of Ferguson on
Thursday next before William D.
Nock, as official referee, in his office,
No. 307 Washington Street, Brooklyn.

The affidavit alleges that for three
years after June 14, 1915, on which
day Dr. Hillis gave Ferguson power
of attorney, with substantial control
of all his business interests, Ferguson
refused to make an accounting al-
though repeated demands for it were
made. The accounting given Feb.
17, 1916, purported to show a balance
of approximately \$10,000 due to Fer-
guson, whereas the minister declares
that if the true facts were known,
Ferguson is indebted to him in a
large sum.

JERSEY POPULATION IS NOW 2,844,342

Official Returns From the State
Gave a Gain of 307,175
Over 1910.

TRENTON, N. J., Oct. 9.—The 1918
State census for New Jersey an-
nounced by Secretary T. P. Martin,
to-day gave the State a total popu-
lation of 2,844,342, an increase of 307,-
175 over the Federal census of 1910.

Every county in the State gained in
population since 1910 except Sussex
County, which shows a decrease of
84. This loss was due to the fact
that when the census of 1910 was
taken the Lackawanna Railroad was
employing hundreds of men in con-
struction work. They were counted
in the 1910 census, but the work has
been finished and they have left the
county.

A desperate action has been fought
ten miles north of Dvinsk, and the
Russians admit loss of part of their
trenches. From Dvinsk to the Mda-
Molokhina Railroad local successes
are claimed by the Russians.

On the rest of the eastern front
the rapidly of attacks and counter-
attacks, the capture and recapture of
trenches, leave it in doubt which
side is really on the offensive.
